

What is Changing Faces?

A one day event for the church to view the face of a young adult in a different light. This mini-conference will show the face of the church to individuals in a different way. This event is not just for young adults, but for young adults and adults. This event is not just for those in the United Methodist Church, but for those from different denominations or those exploring their faith. This event is to equip and empower young adults and local churches in ministry with each other. Most importantly, Changing Faces is a place to get to know yourself, God and a place to reconnect with old friends and make lots of new ones!
